Network vs Networking

Diagnose your network & discuss your gaps

Lets craft a Clay Donut Network Flags

Networking Behaviours

Organization sharp

Strategic Network | Understand the situation accurately | Impression Management | Think & then Act

Design thinking

Affinity clustering

Affinity Clustering is a graphic technique for sorting items according to similarity.

- **Participants respond & share inputs individually**
- **One by one the group combines each document sticky notes into overall diagram as they have internal meaning and relationship with one another**
- **These similar ideas grouping form clusters**
- **The group collaborate to form & then name the clusters**
